

ATTENTION 6th GRADE TEACHERS!

The Colorado Springs Fire Department's FireFactor program is designed specifically for your 6th grade students! We engage students with activities, interactive polls and video to teach students about fire in our community and the consequences of unsupervised, experimental or illegal use of fire. Students will learn about:

- Fire science and fire behavior
- Types of fire in our community
- Virtual fire and today's media
- Consequences for fire misuse
- The crime of youth arson
- Fire's impact on populations & geography
